

HIGH PARK *Stewards*

April 2021

TRCA High Park Biological Inventory presentation April 20, 12 to 1:30 pm

Please **REGISTER NOW** to virtually attend this free presentation (*do not reply to this email*). If a recording is available afterwards we will post the link on our website. This **post** on our website contains information on this and links to the **full report** and **Flyer** on the TRCA site. Please share this email with anyone who might be interested. This presentation was originally scheduled for Jan 2020.

Learn about the Toronto & Region Conservation Authority's methodology, findings and observations as presented in the final High Park Terrestrial Biological Inventory Report, 2019. There will be an opportunity to ask questions about the report.

Urban Forestry staff will provide a brief overview on current management activities and how the report will be used to support and guide management work in the park. **This presentation is hosted by the City of Toronto – Urban Forestry.**

COVID restrictions mean that there are currently no on-site sessions scheduled for Stewards in Toronto

Live Green Toronto Updates

Live Green Toronto delivers programs, grants, incentives, and resources to engage the community in helping to #TransformTO and accelerate the reduction of greenhouse gas emissions. Together, we'll make Toronto one of the greenest cities in the world. There is also a Blog with information on a wide variety of topics. You can also subscribe to their newsletter.

Project Swallowtail will be selling kits of shade and sun native plants soon. Please register for updates and notifications. We can create our own neighbourhood pollinator corridors this summer!
